Education

Master of Public Health—Epidemiology

University of Michigan School of Public Health

Ann Arbor, MI

Bachelor of Arts—Biology Major

University of Wisconsin

Madison, WI

Experience

State of Nebraska

June 2020- present

Lincoln, NE

- Write State of Nebraska HIV, Hepatitis, and syphilis cluster response plans

Global Evaluation & Applied Research Solutions: GEARS, Inc.

Atlanta, GA

Project Director

Centers for Disease Control and Prevention (CDC)

HIV Cluster Response Technical Assistance Project

September 2018 - August 2019

- Lead team of Technical Advisors and Implementation Science experts; obtain input from health departments using needs assessment tool; develop national technical assistance plan and toolkit for providing capacity building assistance to health departments; strengthen national response to HIV clusters

Project Director and Lead Technical Assistance Provider

CDC Data to Care Technical Assistance Project

October 2015 – September 2017

- Formed two teams of Technical Assistance Providers (TAPs) with deep knowledge of health department HIV surveillance, prevention, and care programs to provide Data to Care Program Development Technical Assistance to 13 health departments
- Project Director: manage the budget and activities of a deliverables-based contract, writing a work plan and completing deliverables on time, complete and approve invoices, manage a team of four GEARS employees
- Lead TA Provider: supervise the work of the TAPs, attend the site visits for each of the 13 health departments, approve TA Plans, participate in regular check-in calls, and oversee the evaluation of both the quality of and satisfaction with the TA provided as

well as the impact the TA had on the development of health department Data to Care programs

HIV Counts

Ann Arbor, MI

Director

October 2012 - present

HIV Counts is dedicated to supporting HIV surveillance - providing vision and direction for staff, program organization and data collection, use and analysis. As Director, Ms. Mokotoff provides guidance for tool development and efficient collection of relevant laboratory and clinical data, leveraging HIV surveillance data for linkage to and retention in care and preventing HIV transmission

NASTAD

Washington, DC

Domestic Programs

Subject Matter Expert—Data to Care and HIV Surveillance Data Use

Evidence-Informed Approaches to Improving Health Outcomes for People Living with HIV

November 2018 - Present

Technical Assistance Provider

Capacity Building Assistance Program

April 2014 - Present

- Planned and co-led two-day HIV Cluster Response Workshop
- Planned week-long Technical Assistance program on HIV Cluster Response for a city health department
- Planned and participated in two Peer-to-Peer Data to Care consultations
- Provided Data to Care Technical Assistance to seven health departments
- Contributed to Data Points: A health department roadmap for enhancing Data to Care Programs
- Served as the Data to Care expert during Data to Care Office Hours—a health department call-in assistance activity

NASTAD

Washington, DC

Global Program

Global HIV Technical Assistance Provider

Caribbean Regional HIV Case Reporting Workshop
April 2013

Port of Spain, Trinidad

- Assisted in planning and presenting at workshop for Caribbean nations implementing HIV case reporting

Ministry of Health- Guyana
November 2012 - May 2013

Georgetown, Guyana

- Participated in the development of the country's HIV case surveillance system

NORC at the University of Chicago
Surveillance Expert

Atlanta, GA

Vision and Eye Health Surveillance System
Vision Health Initiative
October 2015 - September 2017

- Provided surveillance expertise for NORC's cooperative agreement with CDC to develop a national Vision and Eye Health Surveillance System

Abt Associates
Subject Matter Expert—HIV Surveillance
Measuring Unmet Need for HIV-Related
Primary Medical Care
May 2018 - Present

Annapolis, MD

Consultant and Member of National Expert and Stakeholder Committee
Strengthening and Improving the HIV Care Continuum
within Ryan White HIV/AIDS Program Part A Jurisdictions
September 2016 - July 2018

- Provide surveillance and Data to Care expertise to the Part A Learning Collaboratives

Michigan Department of Community Health
AIDS Epidemiologist and HIV Epidemiology Manager
January 1986 – September 2012

Detroit, MI

- Started, developed, and led the active HIV/AIDS surveillance program
- Responsible for obtaining accurate and complete reporting of AIDS throughout Michigan, managing database, investigating cases, and producing monthly statistics for statewide distribution
- Coordinated the epidemiologic aspects of HIV surveillance in Michigan including several

surveillance related studies

- Program responsibilities included program development, epidemiologic guidance, and supervision of Detroit HIV surveillance staff

University of Michigan School of Public Health

Ann Arbor, MI

Adjunct Lecturer of Epidemiology

Department of Epidemiology

July 1, 2006 - Present

- Mentor University of Michigan students
- Provide UMSPH epidemiology and other SPH students with lectures on HIV surveillance
- Supervise epidemiology summer interns (1987-2012)
- Supervise epidemiology student data analysis projects (2007-2012)
- Provide other training contributions as requested
- Consult and collaborate with faculty as requested, including providing data/advising on its use to produce mathematical models of HIV transmission patterns

St. Joseph Mercy Hospital

Ann Arbor, MI

Assistant Epidemiologist

January 1985 - December 1985

Chelsea Community Hospital

Chelsea, MI

Director of Infection Control

Hospital Epidemiologist

January 1982 - December 1984

- Carried out surveillance for nosocomial infections
- Audited antibiotic drug use
- Advised on infection control related policies
- Taught infection control practices to patient care staff

Board Leadership

Unified, HIV Health and Beyond (UHHB)

Ypsilanti & Detroit, MI

Chair, Board of Directors

August 2019 - Present

Chair External Fundraising and Development Subcommittee

October 2013 - July 2019

National Work Activities

Emory University

Atlanta, GA

Scientific Lead- AIDSvu Project

January – March 2018

- Serve as a Scientific Lead on the AIDSvu project, particularly related to surveillance methods and data, and advise on project direction and implementation

AIDSvu Project Technical Advisory Committee Member

2010 - Present

Centers for Disease Control and Prevention

Invited Expert Consultant

HIV Prevention Campaign for MSM	February 2012
HIV Case Definition Consultation Clinical/Diagnostic Group Lead	February 2012
Methods for Reaching YMSM for HIV Behavioral Surveillance	February 2011
External Peer Review of DHAP Surveillance, Research and HIV Prevention Programs	April 2009
Integrated HIV/AIDS Surveillance, Core, Incidence, Resistance and Epidemiology Capacity Building	December 2007
HIV Partner Services, Counseling and Referral Services Stakeholder Consultation	November 2006
AIDS Case Definition Consultation	June 2006
HIV Screening Recommendations for Adults, Adolescents, Pregnant Women in Health Care Settings Attended consultation and provided feedback on development of national recommendations, published September 2006	November 2005
Consultation on Appropriate Use of Public Health Data for HIV/AIDS	November 2004
HIV/AIDS Case Ownership Consultation	October 2003
Risk Classification Attended consultation and assisted with development of national recommendations for integration into National HIV Surveillance Technical Guidance	December 2001
Workshop on Detection of Potential Toxicities Following	January 1999

Perinatal Exposure to ARTs
Consultation on the Future of HIV/AIDS Surveillance May 1997

Centers for Disease Control and Prevention- Other Activities

Co-Chair Female Presumed Heterosexual Work Group 2007-2011

Steering Committee Member 2007 – 2008
Recommendations for HIV/STD Partner Services

Advisory Group Chairperson 2005-2007
HIV Technical Guidance

- Reviewed for final approval all HIV Surveillance technical guidance chapters

Council of State and Territorial Epidemiologists Activities (CSTE)

HIV Subcommittee Leadership Group Member 2008 - 2014
Past-Chair, HIV Surveillance Workgroup June 2007 - June 2008
Chair, HIV Surveillance Workgroup June 2003 - June 2007
HIV Co-consultant 2002 - June 2007

- In 2003 organized and wrote bylaws for an HIV workgroup for all health department HIV Surveillance Coordinators in the United States within CSTE
- Chaired workgroup for four years, representing US HIV Surveillance Coordinators at multiple national HIV-related expert consultations
- Chaired monthly national conference calls
- Participated in leadership group for continuity of activities developing the national HIV surveillance system at the state and local levels
- Represented CSTE at CDC HIV-related consultations

National/International Conference Planning Activities

Co-Chair Surveillance and Epidemiology Track
2009 National HIV Prevention Conference June 2008 - August 2009 Atlanta, GA

- Along with CDC Co-Chair, selected abstracts, and designed sessions:
Surveillance and Epidemiology Track

- Moderate and present at several sessions

Rapporteur International AIDS Conference August 2 - August 8, 2008 Mexico City, Mexico

- Along with four other Rapporteurs, completed daily summaries of the presentations from Track C Epidemiology, Prevention and Prevention Research

Chair, Planning Group Regional Technical Assistance Workshops 2005 - 2006

- Chair work group tasked with organizing five regional trainings in the US to share newly implemented technical guidance documents for “best practices” for conducting HIV/AIDS surveillance at the local level

Chair, Planning Group Annual Meeting of HIV/AIDS Surveillance Coordinators 2005 - 2006

- Chair work group tasked with organizing a one-day training and business meeting for the HIV/AIDS Surveillance Coordinators throughout the US
